I joined my husband
(soldier Vincent W.

Upshaw) with our two oldest children, Rose Marie and Gilbert Vincent who were born in England. He had bought our home and was presently renovating it when I arrived. The family and community members gave us a very warm welcome and the children and I adjusted quite well. I have kept a steady contact with my family left in England and we have visited back and forth.

We were very glad to be back on land when we arrived in Canada after all being sea-sick.
