I was very sick on the boat coming over. The doctor told me if I was still sick when we docked In Halifax I would have to be sent to a Hospital. Thank goodness I was better so was ready for the long train ride to Saskatchewan. I lived in Saskatoon for 51 years.

I am now a widow with a beautiful great granddaughter, 'Alissa Mary' - how her grampa would have loved her. I belong to the S.W.B.A. (Saskatchewan War Brides Association). I still have the old tin box I came with. I have two daughters, Mary Elaine Fisher and Collen Louise Whitter. My grandson David Fisher was on the winning football team at the University of Saskatchewan in 1996 (#59). I was also on the T.V. in London, England with Don Neman (B.B.C.) for the V.E. Days in 1995.
