

George Paszkiewicz
Austrian Displaced
Person
Samaria
March 3, 1950

Came to Canada as a Displaced Person with Mother, Stepfather having preceded us by about one year.

"Settled" in Toronto, started High School immediately. Completed High School (De La Salle Oaklands). Completed Electrical Engineering Degree at U of Toronto.

Became Citizen of Canada in 1955.

Comissioned as Officer in Royal Canadian Signals in 1957, then Joined the 11th Signals Regiment in Montreal (Militia).

Worked as a Professional Engineer in Montreal until 1984.

In 1984 continued in that profession in Chicago, Il until retirement in 1996.

Having paid taxes in USA and not voted there for some 5 years, did the American thing, ie became a citizen of that country as well so that I may vote there. After all it is unamerican to pay taxes and not to vote.

I now have the responsibility of being a dual citizen of Canada and USA, thus having to behave myself properly, while living in retirement in USA.

Thank You Canada.
