

C. van der Sluis
Dutch Immigrant
Statendam
March of 1953

As I remember it was very cold, and the trip on board was extremely rough. most passengers were sea sick. upon arrival I received an exercise book with Christmas cards pasted inside I had never seen these before. it kept me fascinated during the long train ride to Toronto. there was so much snow and I remember we stopped many times. when we arrived in Toronto friends came for us and we started our Canadian adventure.
