CANADA'S IMMIGRATION MUSEUM
PIER 21

I came to Canada all alone with no family. I was 23 at the time and was single. I went with the with the old steam train across Canada to Alberta, Calgary. It took us 4 days and 3 nights and we looked like miners. After 44 years we can look back at a good life. I got married in 1956 and have 6 children. Canada is a wonderful country. We became a successful farmers and are very proud to be Canadians.

Thank you Canada.
