

Anna Kucharska
by Niece Stella Preda
Polish Immigrant
Estonia
June 28, 1929

Anna entered Canada as a landed immigrant, coming to her father who was residing in Toronto, Ontario at that time. She left Poland on June 18, 1929 aboard the S.S. Estonia, which docked at Pier 21 on June 28, 1929. When her father returned to Poland the following year, Anna remained in Canada.

In 1932, she married Steve Baransky, who had emigrated to Canada sometime around 1909/1910. Together they built a new life and continued to reside in Toronto until their deaths - Steve in 1965, and Anna in May 1999. They were not fortunate enough to have children of their own, however they passed on their legacy to their three nieces, who will cherish their memories forever.
