Immigration at Pier 21

Musée canadien de  
l'immigration du Quai 21

Canada

Canada's food is as diverse as its people. The way we eat is shaped by over 400 years of immigration. Food connects people to the past, to place, and to other people.

This travelling exhibition explores the connections between food and immigration in Canada through the universal experiences of eating, making, and sharing food. Discover the surprising histories behind popular Canadian dishes. Learn how individuals and communities express themselves through food. Engage in diverse food traditions practiced in Canada through hands-on and multi-sensory activities.
